International Summer School

Nuclear Dynamics: from Stars to Colliders

June 29 - July 10, 2026

Main Topics:

Strongly interacting nuclear matter

Heavy-ion collisions

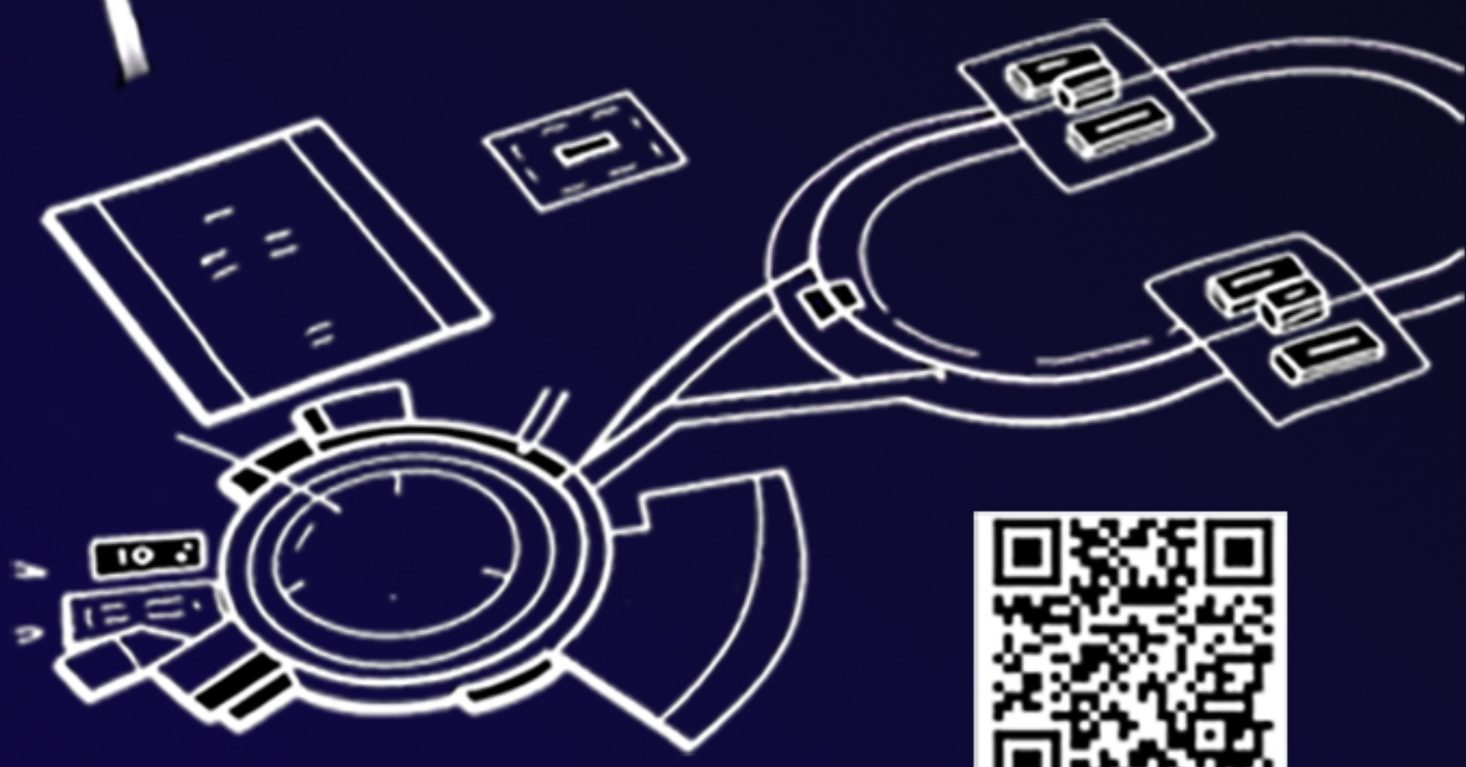
Compact stars

Excited nuclei

Superheavy nuclei and atoms

Organizing Committee:

Nikolai Antonenko
Alexandra Friesen
Evgeni Kolomeitsev
Evgenii Mardyban
Oleg Teryaev
Dmitry Voskresensky



BLTP JINR,
141986 Dubna, Russia
