International Summer School

Nuclear Dynamics: from Stars to Colliders

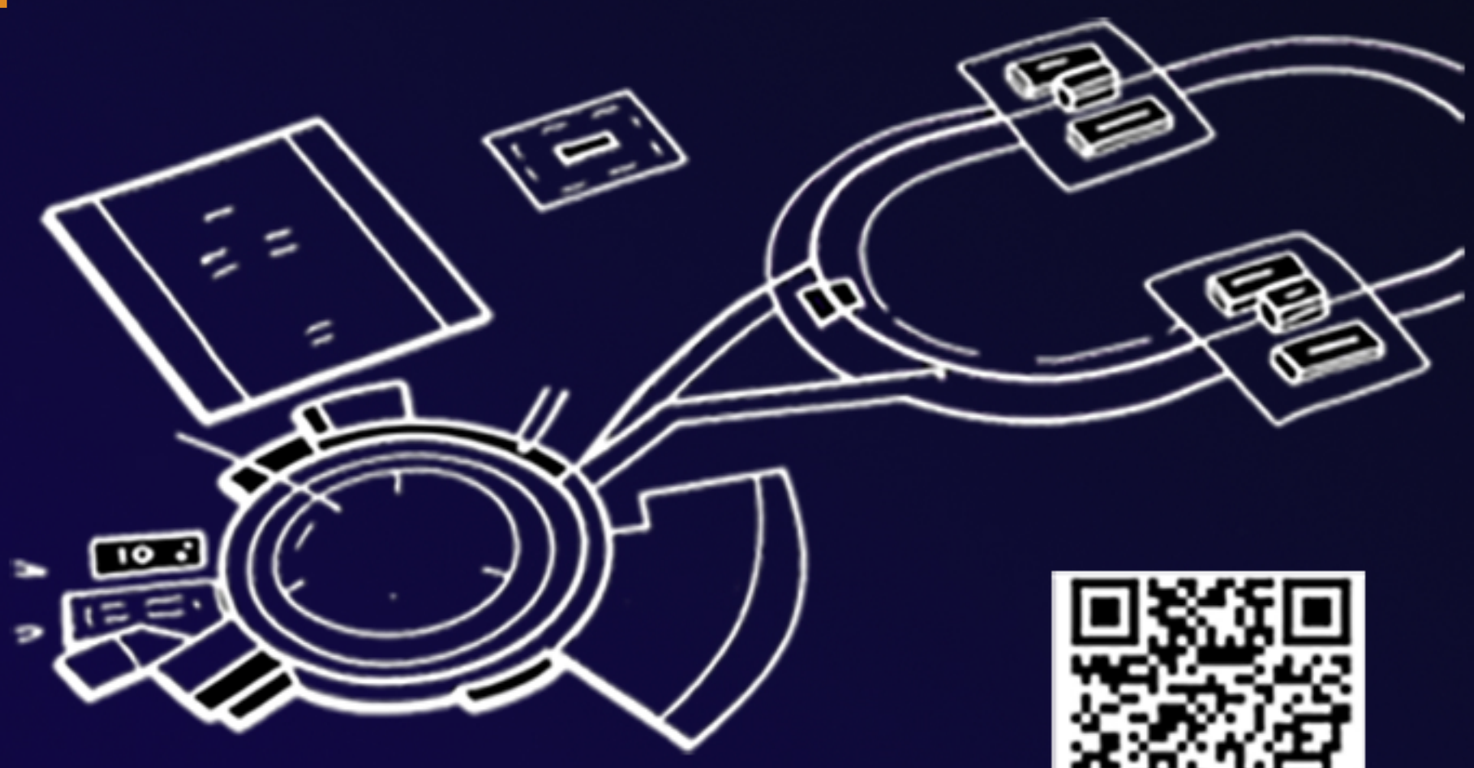
June 29 - July 10, 2026

Main Topics:

- Strongly interacting nuclear matter
- Heavy-ion collisions
- Compact stars
- Superheavy nuclei and atoms
- Excited nuclei

Organizing Committee:

Nikolai Antonenko
Alexandra Friesen
Evgeni Kolomeitsev
Evgenii Mardyban
Oleg Teryaev
Dmitry Voskresensky



BLTP JINR,
141986 Dubna, Russia
