# DSPIN 2026: Conference Summary

- **147** participants from **18** countries, participants from **JLAB**, **COMPASS** and other collaborations
- **103** talks
- Proceedings will be published in **Natural Science Review** and **Physics of Atomic Nuclei** *(information on indico page soon)*
- **Topics covered:** *-- Spin physics on NICA*
  *-- Recent experimental data on spin physics*
  *-- Spin physics and QCD, spin physic in the Standard Model*
  *-- Spin in gravity and astrophysics...*

*Thank you for your engagement and see you next time!*
