

## Student's Zone 2020 of the NICA Project

Contribution ID: 3

Type: **not specified**

## EqDb manual preparation

During this practice, student will learn what is Equipment Database, what is its role in the NICA project and how it works. It will be hands-on experience and a chance to improve the existing database structure. Result of this practice will be a manual for new users on how to use the database and where to find which data. Manual will be written in LaTeX so basic knowledge will be useful, however not crucial. Required skill: English at least at B2 level.
