

JINR Young Scientists and Specialists Association Workshop "Alushta-2020"

Sunday, 27 September 2020

Plenary talk: SPD: Spin Physics Detector at NICA (09:30 - 10:30)

-Conveners: Anatoly Kulikov

Monday, 28 September 2020

Plenary talk: Damage Suppressor - studies of new radioprotective protein (09:30 - 10:30)

-Conveners: Elena Kravchenko

Plenary talk: Largescale computing for science (10:30 - 11:30)

-Conveners: Igor Pelevanyuk

Plenary talk: JINR International Cooperation (19:00 - 20:00)

-Conveners: Dmitry Kamanin

Tuesday, 29 September 2020

Plenary talk: Nuclear chemistry at SuperHeavy Element Factory at FLNR (09:30 - 10:30)

-Conveners: Nikolay Aksenov

Plenary talk: Radiobiological research at LRB: cosmic and medical radiobiology (10:30 - 11:30)

-Conveners: Vladimir Chausov

Thursday, 1 October 2020

Plenary talk: Mathematical modeling of radiobiological processes (09:30 - 10:30)

-Conveners: Alexei Chizhov

Friday, 2 October 2020

Plenary talk: Physical Basement of the Superconducting Spintronics: Status and Perspectives (09:30 - 10:30)

-Conveners: Yury Shukrinov
