

Contribution ID: 40

Type: not specified

**Internal tracking system based on monolithic active pixel sensors ALPIDE for studying the formation of charmed particles in collisions of relativistic heavy ions at the NICA-MPD facility**

*Friday, 23 October 2020 11:30 (25 minutes)*

RFBR grant 18-02-40119

**Presenter:** MURIN, Yuri (Joint Institute for Nuclear Research (RU))

**Session Classification:** Development of detectors and detection methods for NICA experiments
