

Contribution ID: 45

Type: **not specified**

Investigation of dense baryonic matter by lattice quantum chromodynamics methods

Wednesday, 21 October 2020 14:25 (25 minutes)

RFBR grant 18-02-40130

Presenter: BORNIAKOV, Vitaly (IHEP, Protvino)

Session Classification: Theoretical studies of the dense baryonic matter produced in heavy-ion collisions at NICA
