

12th International Scientific Workshop in Memory of Professor V.P. Sarantsev
"Problems of Colliders and Charged Particle Accelerators"

Contribution ID: 98

Type: **not specified**

Current status of work on a new superconducting linear accelerator for the Nuclotron-NICA complex

Tuesday, 5 September 2017 12:40 (20 minutes)

Presenter: POLOZOV, S.M. (NRNU-MEPHI, Russia)

Session Classification: Session 8. Cyclotrons and linear accelerators of intermediate and low energies
