

12th International Scientific Workshop in Memory of Professor V.P. Sarantsev
"Problems of Colliders and Charged Particle Accelerators"

Contribution ID: 80

Type: **not specified**

**Project of a low-energy electron-positron collider to
search and study dimuonium atoms**

Monday, 4 September 2017 12:35 (30 minutes)

Presenter: SINYATKIN, S. (BINP SB RAS, Russia)

Session Classification: Session 2. High energy accelerators and colliders
