

12th International Scientific Workshop in Memory of Professor V.P. Sarantsev

"Problems of Colliders and Charged Particle Accelerators"

Wednesday, 6 September 2017

Session 12. Elements and systems of the charged particles accelerators: (continuation) (10:20 - 11:20)

-Conveners: V.M. Zhabitsky

time	[id] title	presenter
10:20	[107] Source of polarized ions for the JINR accelerator complex	KUZYAKIN, R.
10:40	[108] Power supply of rectangular voltage pulses based on SOS-diode for powering kickers IR VEPP-5	VASILIEV, S.
11:00	[109] Research of new generation of thyratrons with switched medium power up to 0.5 mW experience in electrophysical equipment	BOCHKOV, V.
