## TeFeNICA Student's Practice

In 2014 for the first time, Summer Student's Practice at Veksler and Baldin Laboratory of High Energy Physics (Joint Institute for Nuclear Research, Dubna, Russia) organized by Polish employees took place. Since then, each year more and more students registered for the programme. Nowadays, due to the COVID-19 pandemic, it is possible to realize the TeFeNICA (Team for the Future of NICA) Student's Practice remotely.

**Visit our facebook, instagram and website for more information!**

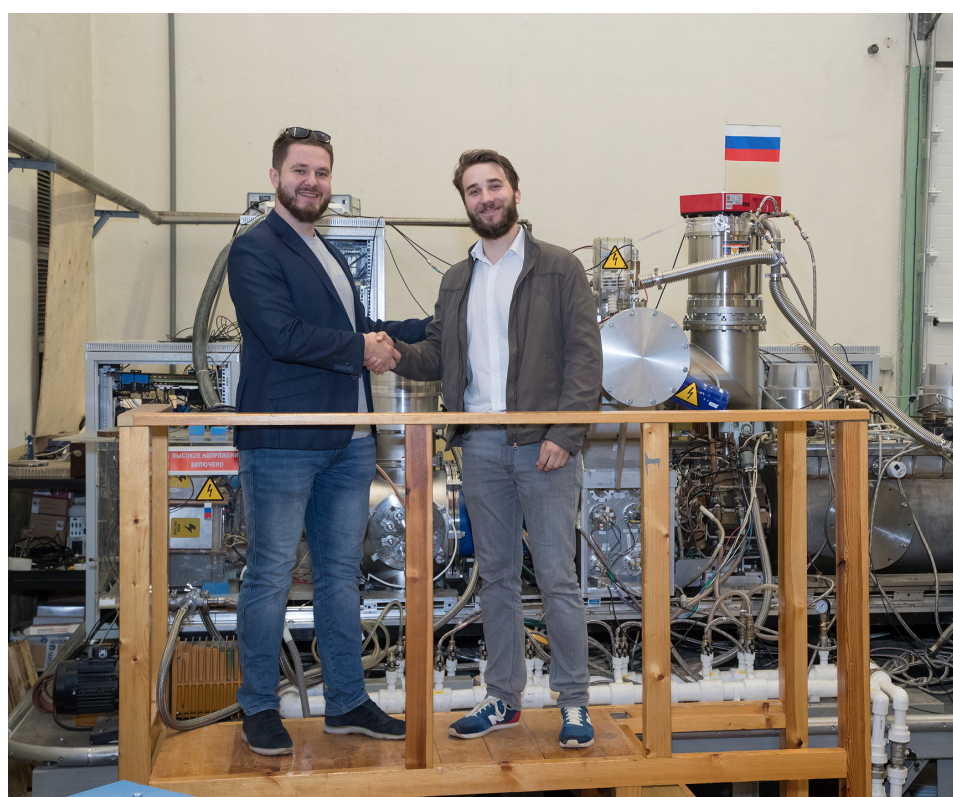

During Practice Students learn about ongoing projects, the main research programme as well as the future plans.

On the left Polish employees and Polish students during a visit of the delegation from Polish Ministry of Foreign Affairs and Ministry of Science and Higher Education.

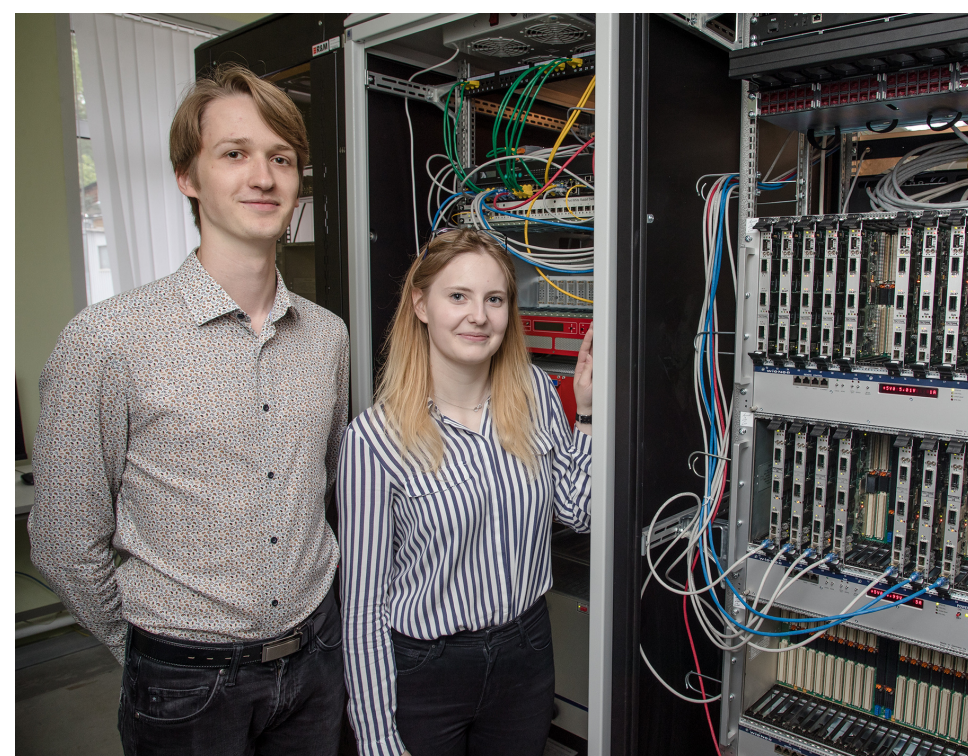

Students take part in the work of the groups involved in the mega-project NICA and help in the development of both hardware and software for the project.

From the left: Jędrzej Kołaś and Klaudia Pachulska during Student's Practice at V&BLHEP

Some of the students after the short-term practice decide to come for a long-term contracts and collaborate with their supervisors as colleagues.

From the left: Krystian Rosłon (supervisor) and Maciej Czarnynoga, who came to Dubna for the first time in 2016 and in 2019 started a 1-year contact

**You want to join our practice? E-mail us at [tefenica@jinr.ru](mailto:tefenica@jinr.ru), visit our website [tefenica.jinr.ru](http://tefenica.jinr.ru) or our facebook page "Team for the Future of NICA"**

### Scheduled meetings:

General info 27.04.2021 14:30 (Warsaw Time)

Q&A 11.05.2021 14:30 (Warsaw Time)

More information about the meeting, link and the instruction how to join us can be found on our Facebook or website. The QR for those can be found in the top right corner.
