

21st JINR-ISU Baikal Summer School on Physics of Elementary Particles and Astrophysics

Friday, 16 July 2021

Student talks 2 (12:00 - 13:20)

time	[id] title	presenter
12:00	[23] Tunka-Grande: barometric and temperature coefficients	MALAKHOV, Stanislav
12:20	[24] Analytical approximations of the nonequilibrium neutrino distribution function in core-collapse supernova and their verification	KOPTIAEVA, Evgenia
12:40	[25] The DsTau experiment: measuring the tau-neutrino production cross section	MILOI, Madalina Mihaela
13:00	[21] Interpretation of the Xenon1T anomaly via large neutrino magnetic moment	KAMPF, Alexey
