

Helmholtz International Summer School "Hadron Structure, Hadronic Matter, and Lattice QCD"

Friday, 25 August 2017

Students' presentations - Conf. Hall, 2 floor (14:00 - 15:00)

time	[id] title	presenter
14:00	[51] Lattice study of continuity and finite-temperature transition in two-dimensional $SU(N) \times SU(N)$ Principal Chiral Model	VALGUSHEV, Semen
14:20	[52] Non-perturbative gauge-fixing of compact gauge fields on the lattice	SARKAR, Mugdha
14:40	[53] Chiral heat-vortical wave in cold Fermi liquid and modified zero sound	FRENKLAKH, David
