

New Trends in Nuclear Physics Detectors (NTNPD-2021)

Wednesday, 27 October 2021

Session 7 (10:00 - 11:30)

time	[id] title	presenter
10:00	[8] Study of the ^7He spectrum and decay products correlations in the (d,p)-reaction with ^6He (29 AMeV) at ACCULINNA-2	Dr SHAROV, Pavel
10:20	[33] Experimental complex ACCULINNA-2: status and development	Mr KRUPKO, Sergey
10:50	[36] Fast neutron detection based on delayed neutron measurement and innovative threshold samples	Prof. KATOVSKY, Karel
11:10	[3] The SFiNx Detector System	Dr ISAEV, Andrey
