

Proposals for awarding the title “Honorary Doctor of JINR”

G. Trubnikov

131st session of the JINR Scientific Council

Professor Catherine Bréchnignac

French scientist, Professor, Member of the French Academy of Sciences, Doctor Honoris Causa of many institutes and member of foreign academies.

Scientific interests: co-founded and actively pursued the field of cluster physics. Author of numerous research papers and 6 monographs.

Positions held: General Director, French National Centre for Scientific Research (CNRS); President, International Council for Science; Perpetual Secretary and now Honorary Secretary, French Academy of Sciences, Representative of the French Academy in Russia.

By conferring the title “Honorary Doctor of JINR” we would like to recognize in one more way the outstanding achievements of Professor Catherine Bréchnignac in physics research and her personal contribution to promoting the cooperation between France and JINR.

Professor Emil Burzo

Romanian scientist, Professor, Member of Romanian Academy of Sciences, Honorary Member of the Academy of Sciences of Moldova, Doctor Honoris Causa of several Romanian universities.

Scientific interests: solid-state physics. Author of numerous research papers and 27 books or chapters of books.

Positions held: Professor, Dean of Physics Faculty, Director, Centre of Solid State Physics, Babes-Bolyai University; President, Cluj Branch of Romanian Academy and Member of the Academy Presidium, presently its Honorary President; Chief Editor, Romanian Journal of Physics; Vice-President, Romanian Materials Society and Commission of Romanian Academy; Vice-President, Romanian Physical Society.

JINR appreciates highly the contributions made by Professor Emil Burzo to the development of JINR, its scientific cooperation in general and with the Frank Laboratory of Neutron Physics in particular.

We are also grateful for his many years of participation as a member in the JINR Programme Advisory Committee for Condensed Matter Physics.
