

International Workshop on Nuclear and Particles Physics

Monday, 25 April 2022

Session II (11:30 - 13:00)

-Conveners: Alexander Karpov

time	[id] title	presenter
11:30	[12] Multinucleon transfer reactions as a method for production of new heavy neutron-enriched isotopes of transuranium elements	SAIKO, Vyacheslav
12:00	[13] Astrophysical applications of a superoperator method	DZHIOEV, Alan
12:30	[14] Radiative capture of nucleons in astrophysical processes	NURAKHMETOVA, Symbat
