

# International Workshop on Nuclear and Particles Physics

## Tuesday, 26 April 2022

### Session V (09:30 - 11:00)

-Conveners: M. Hnatic

time	[id] title	presenter
09:30	[21] Superfluidity in multicomponent fermions via the functional renormalization group	KALAGOV, Georgii
10:00	[22] Critical dynamics of the superfluid phase transition: multi-loop calculation of the microscopic model	MOLOTKOV, Iurii
10:30	[23] Effects of moving environment on self-organized critical behavior in anisotropic systems	LEBEDEV, Nikita
