International Conference on Quantum Field Theory, High-Energy Physics, and Cosmology

Contribution ID: 31 Type: not specified

Unitary limitations of the SMEFT approach in describing new physics in top quark production.

Monday 18 July 2022 15:00 (30 minutes)

Presenter: BUNICHEV, Viacheslav (Skobeltsyn Institute of Nuclear Physics Lomonosov Moscow State Univer-

sity)

Session Classification: Collider Physics and 3D Hadron Structure
