

**International Conference on Quantum Field Theory, High-Energy Physics,
and Cosmology**

Contribution ID: **128**

Type: **not specified**

**Fermionic contribution to anomalous dimension of
twist-2 operators in N=4 SYM theory**

Tuesday, 19 July 2022 18:10 (20 minutes)

Presenter: VELIZHANIN, Vitaly (Petersburg Nuclear Physics Institute)

Session Classification: Quantum Field Theory and Gravity
