

How to get access to the Breakout Room

Each poster will be presented in a separate Room. The Room number will be the same as the poster number in the list of Abstracts uploaded to the Indico.

To get in the Room of your interest:

1. Click the button “Breakout Rooms” at the bottom of the main Zoom window.
2. Click “Choose Breakout Room” in the pop-up menu.
3. Choose the Room you want to join and click “Join”.

Once in the Room you could communicate to the author of the poster as in a normal Zoom session. There could be many guests in the Room at the same time.

4. Choose “Leave Room” if you wish to go back to the main Zoom session.

Do **1-4** in order to communicate to other authors.

In case of access problems use Chat button for help.
