Armen Tumasyan	ANSL, Yerevan	<b>appointed 02/23</b>
----------------	---------------	------------------------

# Publication Policy

New draft of the publication policy under redaction in order to simplify the procedure, in particular for technical talks

Growing number of talks, proceedings

- Simulation results
- Technical achievements

# Consolidating the collaboration

- New contacts, new Institutes
- MoU procedure well established
- Grants supporting SPD activity
- JINR postdoctoral program

# Links...

- Now that SPD is 'on the tracks' thanks to the work of each participants : students...spokepersons...one may think to organize internal rewards:
- Thesis prize
- Technical achievement
- Best contribution to conferences...

*So that publicity will be done for a better knowledge of what is done by the different groups, opportunities and exchanges will be created....*

# General comments

## *My impression:*

- SPD has become a solid and recognized collaboration,
- SPD is a well known facility in the world panorama

## *Progress on the way:*

- Pursue detector conception, simulation, optimization...  
building and testing prototypes
- Keep looking for new contacts and participants,  
strengthening the existing collaborations: grants!

*Best wishes for a successful IV SPD Collaboration meeting!*
