

Contribution ID: 22

Type: **not specified**

**Development of the generators of the radiation in
the wide spectrum range from mm, THz to optical
and X-ray wavelengths on the basis of Volume Free
Electron lasers for Fundamental and Applied Linear
Accelerator Physics collaboration**

Monday 28 August 2023 17:00 (45 minutes)

Presenter: Prof. BARYSHEVSKY, Vladimir

Session Classification: Invited lectures
