

IUPAP Conference "Heaviest nuclei and atoms"

Wednesday 26 April 2023

Chemistry of SHE (14:30 - 16:00)

time	[id] title	presenter
14:30	[77] Vacuum decay in low-energy collisions of heavy ions	SHABAEV, Vladimir
15:00	[78] Benchmark atomic electronic structure calculations at the edge of Periodic Table.	ELIAV, Ephraim
15:30	[79] Chemical islands of stability	OGANOV, Artem

Chemistry of SHE (16:20 - 18:10)

time	[id] title	presenter
16:20	[80] Theoretical chemistry in support of experiment	PERSHINA, Valeria
16:50	[81] Superheavy Research in Switzerland	EICHLER, Robert
17:20	[82] Chemistry research at SHE Factory	AKSENOV, Nikolay
17:40	[83] Molecular properties of monoxides, hydrides and oxyhydrides of superheavy elements	KOTOV, Artem
