

SANC: process $\gamma + \gamma \rightarrow Z + H$ at one-loop level including polarization effects

Friday, 8 September 2023 15:50 (20 minutes)

The process $\gamma + \gamma \rightarrow Z + H$
is described within the SANC system at the one-loop accuracy level.
The corresponding covariant and helicity amplitudes are presented.

Primary authors: BONDARENKO, Serge (JINR); KALINOVSKAYA, Lidia (JINR); RUMYANTSEV, Leonid (DLNP JINR); SADYKOV, Renat (JINR); YERMOLCHYK, Vitaly (JINR; INP BSU)

Presenter: RUMYANTSEV, Leonid (DLNP JINR)
