SANC: process gamma + gamma \to Z + H at one-loop level including polarization effects

Friday, 8 September 2023 15:50 (20 minutes)

The process gamma + gamma \to Z + H
is described within the SANC system at the one-loop accuracy level.
The corresponding covariant and helicity amplitudes are presented.

Primary authors: BONDARENKO, Serge (JINR);   KALINOVSKAYA, Lidia (JINR);   RUMYANTSEV, Leonid (DLNP JINR);   SADYKOV, Renat (JINR);   YERMOLCHYK, Vitaly (JINR; INP BSU)

Presenter: RUMYANTSEV, Leonid (DLNP JINR)

Session Classification: Parallel A
