

XXV International Baldin Seminar on High Energy Physics Problems  
"Relativistic Nuclear Physics and Quantum Chromodynamics"

XXV International Baldin Seminar  
on High Energy Physics Problems  
*Relativistic Nuclear Physics & Quantum Chromodynamics*

September 18 - 23, 2023, Dubna, Russia

Contribution ID: 34

Type: **not specified**

## 30th anniversary of the Nuclotron

*Monday, 18 September 2023 10:55 (40 minutes)*

The report presents the history of the construction of the Nuclotron and the results of experiments conducted on it.

**Primary author:** MALAKHOV, Aleksandr (JINR)

**Presenter:** MALAKHOV, Aleksandr (JINR)

**Session Classification:** Plenary
