

XXV International Baldin Seminar on High Energy Physics Problems
"Relativistic Nuclear Physics and Quantum Chromodynamics"

XXV International Baldin Seminar
on High Energy Physics Problems
Relativistic Nuclear Physics & Quantum Chromodynamics
September 18 - 23, 2023, Dubna, Russia

Contribution ID: 169

Type: **not specified**

From "FLUCTUONS" to multiquark states in the nuclear matter

Monday, 18 September 2023 12:30 (20 minutes)

Presenter: SHIMANSKIY, Stepan (JINR)

Session Classification: Plenary
