

XXV International Baldin Seminar on High Energy Physics Problems
"Relativistic Nuclear Physics and Quantum Chromodynamics"

XXV International Baldin Seminar
on High Energy Physics Problems
Relativistic Nuclear Physics & Quantum Chromodynamics
September 18 - 23, 2023, Dubna, Russia

Contribution ID: 183

Type: **not specified**

Self-similarity approach in relativistic physics

Friday, 22 September 2023 14:50 (20 minutes)

Presenter: BALDINA, Elina (JINR)

Session Classification: Parallel: Dynamics of multiparticle production
