

XXV International Baldin Seminar on High Energy Physics Problems
"Relativistic Nuclear Physics and Quantum Chromodynamics"

XXV International Baldin Seminar
on High Energy Physics Problems
Relativistic Nuclear Physics & Quantum Chromodynamics
September 18 - 23, 2023, Dubna, Russia

Contribution ID: 187

Type: **not specified**

A model of an elementary material object

Friday, 22 September 2023 10:00 (20 minutes)

Presenter: ROBUK, Victor (Joint Institute for Nuclear Research)

Session Classification: Parallel: Structure functions of hadrons and nuclei
