

XXV International Baldin Seminar on High Energy Physics Problems
"Relativistic Nuclear Physics and Quantum Chromodynamics"

XXV International Baldin Seminar
on High Energy Physics Problems
Relativistic Nuclear Physics & Quantum Chromodynamics
September 18 - 23, 2023, Dubna, Russia

Contribution ID: 192

Type: **not specified**

**AMPLITUDE OF SCATTERING OF PROTONS ON
THE BOUNDED NUCLEAR NUCLEONS FROM
ANALYSIS OF THE PROTON-NUCLEUS
SCATTERING**

Presenter: LUKYANOV, Valery (BLTP, JINR)
