NICA Days 2024

Friday May 17, 2024, 12:15 AM → 3:00 PM Europe/Moscow

Dossym Suleyev Assembly Hall (K.I.Satbayev Kazakh National Research Technical University, Almaty)

Description

The [NICA days 2024](#) will take place in the [K. I. Satbayev Kazakh National Research Technical University, Almaty, the Republic of Kazakhstan](#). The workshop aims to briefly review the status of the NICA project and to discuss the physics mission and the programs of the NICA experimental setups (BM@N, MPD and SPD experiments) as well as the applied research planned at the facility (project ARIADNA). The NICA days workshop will serve to advertise the project with the goal to attract new collaborators from the scientific and engineering communities, young scientists and students in particular.
