

# XIII Collaboration Meeting of the MPD Experiment at the NICA Facility

April 23–25, 2024

**VBLHEP, JINR,  
Dubna, Russia**

## Organizing Committee

**Vladimir Kekelidze** – co-chairman

**Victor Riabov** – co-chairman

**Alexander Cheplakov**

**Viacheslav Golovatyuk**

**Anna Rassadova**

**Alexander Sorin**

**Natalia Molokanova** – scientific secretary

**Olga Korotchik** – secretary

**Yury Anisimov**

**Elena Pankratova**

Current status of the **MPD project** will be presented. Situation with cooling of the superconducting magnet, production of the Phase-I detector will be discussed. Most recent schedule of the NICA accelerator complex, construction and commissioning of the MPD detector as well as plans for first beams will be provided. New ideas for MPD operation in the first year(s) will be presented and critically assessed. Recent results of the physics feasibility studies and analysis techniques will be summarized by PWG conveners in the dedicated reports followed by a number of general talks from other heavy-ion experiments.
