Transportation

Airport Zvartnots offers direct flights from many major European airports.

From Russia: Moscow, St. Petersburg, Samara, Sochi, etc.

For specific details, please visit <https://www.zvartnots.aero/EN/index>

The transfer from the airport to the city centre of Yerevan takes around half an hour and is relatively inexpensive. We recommend using **GG** or **Yandex GO**. Typical fare usually amounts 3000 AMD (~ 7 EURO).

To avoid inconveniences, a centralized transfer for a large group can be organized.
