

Dear members of the BM@N Collaboration,

I am pleased to announce that the interim **Analysis and Detector Meeting of the BM@N Experiment at NICA** will take place at the **V. I. Veksler and A. M. Baldin Laboratory of High Energy Physics (VBLHEP)** of the **Joint Institute for Nuclear Research (JINR)**, Dubna, Russia, on **04–05 March 2025** (suggested day of arrival – 03 March, suggested day of departure – 05 March).

The meeting will focus on the analysis of experimental data collected during the last Xe + CsI run. The preparation of the detector set-up for the next BM@N experimental run will be discussed.
