

Session Program

5 June 2025

Workshop "Physics at future high-energy electron-positron colliders"

1-я дневная секция

ЛТФ, конференц-зал (2-ой этаж)

Thursday 5 June

15:50

1-я дневная секция: 2-я дневная секция

Session | Location: ЛТФ, конференц-зал (2-ой этаж)

15:50–16:05

On the problem of studying the pole-running top-quark mass ratio in the Standard Model**Speaker**

Андрей Катаев

16:05–16:20

 e^+e^- annihilation into heavy leptons in 2-loops**Speaker**

Роман Ли

16:20–16:35

Heavy quarkonium production in gamma-gamma collisions as a key to test hadronization models**Speaker**

Владимир Салеев

16:35–16:50

Two-photon physics at future electron-positron colliders**Speaker**

Владимир Бытьев

16:50–17:10

Общая дискуссия

17:25
