

XXVIth International Baldin Seminar on High Energy Physics Problems
"Relativistic Nuclear Physics and Quantum Chromodynamics"

Contribution ID: 157

Type: **not specified**

**Quark color - a step towards understanding the
properties of nuclear matter (to the 60th anniversary
of the colored quark hypothesis)**

Tuesday 16 September 2025 11:00 (40 minutes)

Presenter: MATVEEV, Victor (Joint Institute for Nuclear Research)

Session Classification: Plenary
