

Session Program

15–17 Dec 2025

**Workshop on physics performance studies at NICA
(NICA-2025)**

Day 2 - Morning Session

Tuesday 16 December

09:00

Day 2 - Morning Session

Session | Location: Virtual via ZOOM, Moscow time | Convener: Viktor Riabov

09:00–09:35 **Anisotropic Flow Measurements at NICA energy range**

Speaker

Arkadiy Taranenko

09:35–10:10 **CEE experiment and its future physics program**

Speaker

Ya-Peng Zhang

10:10–10:45 **25 years of STAR experiment at RHIC: main results**

Speaker

Yifei Zhang

10:45–11:15 **Dileptons - results from STAR Beam Energy Scan Program**

Speaker

Chi Yang

11:15–11:45 **Common Discussion**

11:45
