**Session Program**

**15–19 Jun 2026**

# International Conference on Condensed Matter Research at the IBR-2 devoted to the 90th anniversary of Yury M. Ostanevich

## *Materials under extreme conditions*

# Wednesday 17 June

11:40

## Materials under extreme conditions: - Chairman: V. Sikolenko

**Session** | **Location:** 20 Joliot-Curie St., MLIT, Dubna, Moscow Region, Russia, 141980

11:40–12:00 **Crystal and magnetic structure of cobalt oxides under high pressure and temperature**

**Speaker**
Dr Sergey Kichanov

12:00–12:20 **Layered rare earth manganites under extreme conditions**

**Speaker**
Evgenii Sterkhov

12:20–12:35 **Phase Evolution of Hexaferrite PbFeO Under Pressure**

**Speaker**
Asif Asadov

12:40
