E-learning as a Technological Tool to Meet the Requirements of Professional Standards in Training of IT Specialists

Friday 2 October 2015 15:10 (15 minutes)

We discuss issues of updating educational program according to requirements of labor market and the professional standards of the IT industry. We suggest the technology of E-learning through open educational resource to provide the participation of employers in the development of educational content and the intensification of practical training.

Authors: Mrs CHEREMISINA, Evgenia (Dubna International University of Nature, Society and Man. Institute of system analysis and management); TOKAREVA, Nadezhda (Dubna Univeristy); TYATYUSHKINA, Olga (Dubna Univeristy)

Presenter: TYATYUSHKINA, Olga (Dubna Univeristy)
