

LXIX International Conference “Nucleus-2019” on Nuclear Spectroscopy and Nuclear Structure

“Fundamental Problems of Nuclear Physics,
Nuclei at Borders of Nucleon Stability,
High Technologies”

Dubna, Russia, 1-5 July 2019

Organizing Committee:

V.A. Matveev (Chairman, JINR, Dubna)
V.B. Brudanin (Co-Chairman, JINR, Dubna)
Yu.E. Penionzhkevich (Co-Chairman, JINR, Dubna)
M.A. Naumenko (Scientific Secretary, JINR, Dubna)
V.V. Voronov (JINR, Dubna)
V.V. Samarin (JINR, Dubna)
V.N. Shvetsov (JINR, Dubna)
N.S. Zelenskaya (MSU, Moscow)
A.K. Vlasnikov (SPbSU, St. Petersburg)
O.M. Korotchik (JINR, Dubna)

Topics:

- Experimental study of properties of atomic nuclei;
- Experimental study of mechanisms of nuclear reactions;
- Theory of atomic nucleus and fundamental interactions;
- Theory of nuclear reactions;
- Application of nuclear physics methods in related fields of science and technology.
