

Helmholtz - DIAS International Summer School "Cosmology, Strings, New Physics"

Monday, 5 September 2016

Morning session VI (09:00 - 12:30)

time	[id] title	presenter
09:00	[45] Introduction to Entanglement Entropy and Holography - I	Prof. FURSAEV, Dmitry
10:00	Coffee break	
10:30	[26] Introduction to differential geometry	Dr MUSAEV, Edvard
11:30	[15] Dynamical equations describing early cosmologies and their inflationary solutions - I	Prof. FILIPPOV, Alexandre
